

Thank you!

The Lancaster-Lebanon Education Foundation (LLEF) would like to acknowledge everyone who contributed to the success of the From the Heart Gift Basket Bingo event in Lancaster. With your help, the foundation raised over \$15,000 to support innovative opportunities for students of all ages in many IU13 programs. LLEF recognizes that this amazing result would not be possible without our business sponsors, event attendees, and generous donations of baskets, food, and time!

Making a Difference:

Money raised through Gift Basket Bingo will be used to positively impact the lives of IU13 students and families through services, such as:

- Assistance to families in need throughout the year
- Classroom resources and services for early childhood and special education services
- Community Education Services
- Educational Innovation Grants for IU13 programs
- ELECT Program for pregnant and parenting youth
- Enrichment opportunities that challenge advanced learners

Gift Basket Donations:
